## Principal's Welcome

### Welcome to St John's Primary

At St John's we enable each child to achieve personal success through quality learning and teaching. We support the development of the whole child – academically, spiritually, physically and emotionally - recognising that each child has unique gifts, talents and abilities. We enjoy a strong relationship with our parents to help us fulfil our role of partners in education.

We are also proud to belong to a community which is alive with Gospel values. In close connection with our parish, we integrate Gospel values in our daily school life to enable our students to grow in their relationships with God and each other. Our school motto, 'strive to achieve', guides us in all aspects of school life and encourages us to take up challenges. Our purpose is to provide a secure educational environment which develops independent, lifelong learners.

Our students receive a contemporary and relevant education through our modern learning spaces and the latest learning technologies. We believe in the importance of setting high academic standards and striving for personal excellence within our community of learners. Our highly professional and dedicated staff works with families to create effective partnerships between home and school.

We provide a nurturing community for students in a supportive atmosphere, while ensuring they appreciate the uniqueness and self-worth of themselves and their peers.

I invite you to visit our wonderful school. We look forward to meeting your family and welcoming you to St John's.

The Friday afternoon assembly is held to celebrate school successes, and to sing the school song and national anthem. This assembly is run by our student leadership team. # Early Stage 1

---

## Allergies And Medical Conditions

It's essential to tell the school before your child starts if he or she has any allergies or medical conditions. You should always let the school know of any major changes to your child's health, as soon as you are aware of them.

## Be Prepared

Sometimes things never quite go to plan. To ease the morning rush try to prepare uniforms, lunches, school bag, reading log and any extra items your child will need the next day, on the evening before.

## Little Accidents

Occasionally accidents happen when the children are 'busy'. Spare underwear and socks packed in their school bag is recommended.

## Making Friends

Catching up with other children before school starts is a good idea. Familiar faces in the playground can help children settle quickly.

## Practice School Days

This will give your child confidence about going to school including:

- dressing in the uniform
- wearing the school shoes (new shoes may cause blisters, wear them before school starts)
- testing school lunches (can your child open their lunch box, or open packaging, e.g. Poppers?)
- going to the toilet on their own (has your son used a urinal before?)
- drinking from a bubbler.

## Saying Goodbye

### Be cheerful when you say goodbye

Separation can be an emotional experience for both the child and the parent. Remember that children take their cues from their parents so try to be cheerful and positive. This attitude will follow through to your child.

If your child does have difficulty separating, allow the teacher to intervene while you leave. As a rule children settle quickly. Rest assured you will be contacted if there are any problems, however please feel free to ring the school.

## School Checklist

### Preparing for your child's first year of school

Here are some things you'll need before school starts:

Our lunches are made by a local cafe in Riverstone - Sam's Cafe, the lunches are delivered to school. St John's Community Group also run the Snack Shack on Monday and Fridays at recess and lunch. The canteen has only light snacks, no lunches are prepared or available for purchase.

### Recess And Lunch

At St John's we have 30 minute recess and lunch breaks. At both of these breaks children sit with their friends for 10 minutes to eat and chat. They play for the remainder of the time.

Some choose to have a snack at recess and lunch later, or some split their food in half. It's up to you and your child.

### Crunch and Sip

St John's is a Crunch and Sip school, this means that all classes stop at approximately 10am for a break. Each child is encouraged to bring a small piece (or serving) of fruit to snack on and water to sip. Only fruit/vegetables and water is permitted at Crunch and Sip time.

### Making A Good Start

## Healthy Breakfast

---

Children need a healthy breakfast to start the day. A hungry child will lose concentration and have no energy during the school day.

## A Good Night's Sleep

---

Children need a good sleep each night to cope with the challenges of school. New activities, making friends, listening and following instructions all require lots of energy.

### Medical Emergencies

In the event of a serious accident at school, the following procedures will be undertaken:

- Immediate first aid will be given by our trained staff.
- Arrangements will be made with ambulance, doctor or hospital if necessary.
- Parents/guardians will be contacted to confer regarding appropriate steps to be taken.
- If parents/guardians are unavailable, the school will take immediate action as deemed necessary.

Be assured that we will take the necessary steps to ensure the wellbeing of your child.

## **Medication**

Written authorisation, from parents, is necessary for the school to administer any medication.

If your child requires medication at school please complete a Request to Administer Medication at School form, available at the school office.

Over the counter medication, including analgesics or homeopathic preparations, cannot be administered by school staff unless a written request (Request to Administer Medication Form) is received from the student's parent/carer, and is accompanied by written advice from a medical practitioner with the medication in the original labelled container. The exception is reliever puffers for the emergency treatment of asthma.

In the case of ongoing prescription medication, this form must be completed by the prescribing doctor and must be updated with any changes.

Any medical condition should be reported to the school.

## **Sickness At School**

If a child comes to the office feeling sick, they will be given the chance to rest and office staff will observe the child. The parents/carers will be contacted if the staff feel the child is too sick to remain at school.

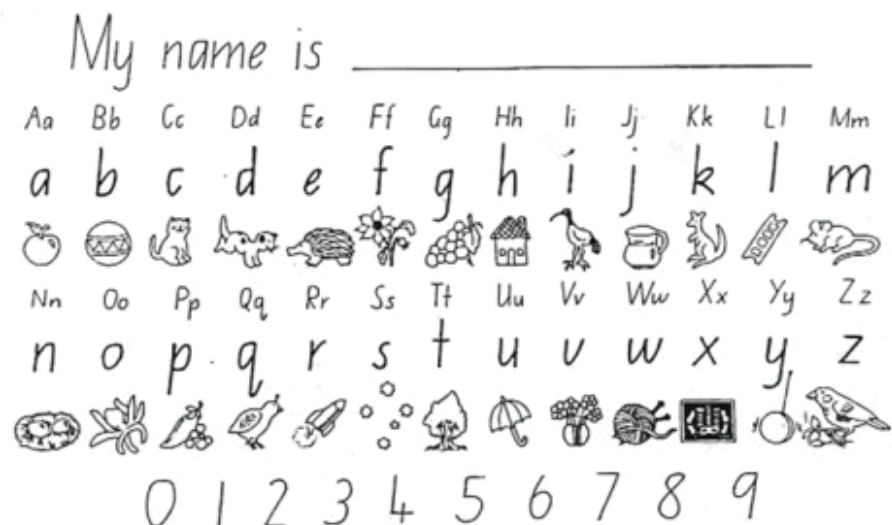

If your child has presented to the office with head lice, a parent/ carer will be called so as to collect your child from school as soon as possible, so that treatment can be started.
